2/ Martinique Water Society Strike

There two months Martinique water society was on strike Tuesday September 9,2014. They wanted higher wages. As a consequence, people living in central and southern Martinique had not had water since the strike lasted more than a month.

According to me, this was a terrible situation, because M.W.S shouldn't deprive other people from a daily need.

Because of this situation, schools in François and Lamentin had to close.
